Traditional Thanksgiving

Connect your classroom lessons with a re-enactment style program geared for Grades K-6.

Welcome to the 1600s! It is a desperate time for a desperate people. This small community has faced persecution, torture and death in their homeland. Their only hope is to escape to a new place.

And so, they gave up everything that they have ever known, sold their possessions and boarded a small ship to make a dangerous journey to a land they have never seen.

Join them as they talk about the hardships they faced in making the crossing, their struggles in America and how, when all hope was gone, they received help from an unlikely source!

Become Pilgrims and Native Americans for the day as they go about their traditional chores, play their games and live life as it was hundreds of years ago.

Also, learn the history of the second ship, the Speedwell; the origins of our democratic system of government; the history of Thanksgiving *before* it came to the New World; and the interesting facts that surround the first Thanksgiving Feast held in America.

Our fully costumed staff cover:

- Candle-Making
- Native American Games
- Native American Life
- Native American Stories
- Pilgrim History in Europe
- Pilgrim Tools and Technology
- Textiles / Plant Dyes
- Traditional Foods

All activities are presented in a hands-on, round-robin format to allow students a chance to explore first-hand the culture and traditions from centuries ago.

To wrap-up the event, join us for a Thanksgiving Feast where Pilgrims and Native Americans come together in friendship. We serve a full modern turkey dinner with all of the trimmings!

Come and be a part of history!
