

## Teambuilding Programs (Corporate)

At the Northern Lakes Impact Center, we provide safe, fun, quality experiences that provide the shared experiences and the interactions that are fundamental to promoting dialogue between individuals. Our goal is not to provide a one-day recreational experience but to create an atmosphere of acceptance and understanding that will improve group performance for weeks, months and even years after the event. Our goal is to be the method by which teams achieve excellence.

This change is brought about through dynamic, hands-on experiences that promote creative problem-solving, group discussions, personal goal-setting and a realization of the limitations, both real and perceived, for program participants. Through the successful completion of tasks and the increase in self-esteem, group acceptance and cooperation that results, participants are provided with life-changing outcomes that can be applied to school, work, family and society.

We are proud of our ability to deliver outstanding personal and professional development trainings to a wide diversity of clientele. To date, our staff has worked with hundreds of teams, including: 3M, Ford Motor Company, Marriott Hotels and Subway. We hope to add your group to our list of satisfied customers!

Some programs require a minimum number of participants (typically eight) to be successful. We have found a staff-to-participant ratio of approximately 1:15 to be ideal for most groups. Prices are subject to change. Please call for more information.

*A portion of all Teambuilding Programs for adults is used to underwrite Northern Lakes programs for youth.  
Thank you for helping us to make a difference!*
