

Teambuilding Programs (Youth)

At the Northern Lakes Impact Center, we provide safe, fun, quality experiences that provide the shared experiences and interactions that are fundamental to promoting dialogue between individuals. Our goal is not to provide a one-day recreational experience but to create an atmosphere of acceptance and understanding that will improve group performance for weeks, months and even years after the event. Our goal is to be the method by which teams achieve excellence.

We are proud of our ability to deliver outstanding personal and professional development trainings to a wide diversity of clientele. To date, our staff has worked with hundreds of teams, including: Branch County Juvenile Court, Leaders-In-Training, Montello Public Schools, Ogema Youth Group, Quincy Communications Class and many other public schools and youth groups. We hope to add your group to our list of satisfied customers!

Some programs require a minimum number of participants (typically eight) to be successful. We have found a staff-to-participant ratio of approximately 1:15 to be ideal for most groups. Prices are subject to change. Please call for more information.
